Rachael Donaldson, a former standout athlete at Chaperral and a resident of Temecula has been diagnosed with Cancer, it is a Stage 4 soft tissue Sarcoma. She has completed her first week of Chemo and she is scheduled for her second round of treatment on Sept 27th. Rachael will have a very hard long road ahead of her to beat this cancer. She is going to need lots of love and support from everyone. Rachael is a Junior scholarship athlete at Fresno State. The community of Fresno is helping Rachael and her family like no other. She will have the best care from the doctors at UCSF and she will have tons of help and love from the Bulldog family. Rachael's mom, Sandy, is a single parent of 5, she is also involved in the softball world as a coach. The family has been stretched since Rachael got sick. Sandy is having to commute from Temecula to Fresno and San Francisco to be with Rachael.

Rachael is a strong girl. Sandy is a strong mom. No matter how strong someone is, it helps when you know you have support. Can we let Rachael and Sandy know how much we all care? Visit any Stadium Pizza on Oct 1st. Bring this flyer and help raise the necessary funds to assist the family now and over the long road that lies ahead.
